Participate in a research study examining child speech development

Who can participate?

Children 4, 7 or 11 years old with normal speech, language & hearing. English is the primary language.

What’s involved?

If eligible, your child will be recorded imitating short sentences presented on a computer screen. TWO 60 minute sessions.

Where & Why?

Visit our lab at 70 Forsyth Street, Boston Park for FREE, next to the lab. RECEIVE 40$ and transportation cost for participating.

Help us understand how children learn to speak.

To be involved, call 617-373-5951 or email: cadlab.neu@gmail.com
